DEPARTMENT OF COMMERCE AND INDUSTRY

PORT OFFICE.

Made, on 26th June 1911.

No. 4578-4733-52.

REMARKS.—In the resolution of the Government of India, No. 7656-7650-51, dated the 28th October 1910, certain proposals for increasing the number of Post Office holidays were postponed for consideration, with the intimation that if there was a generally expressed desire on the part of the public to afford relief in the matter of holidays to the employees of the Post Office, the question would be further considered. The replies which have been received from Local Governments, public bodies and private persons are almost unanimously favourable to the proposals. Much notice has been suggested in some respects, the most important being that the additional Post Office holidays should be selected without exception from festivals notified as public holidays under the Negotiable Instruments Act. The Government of India are unable to accept this view. If the extra holidays were confined to days gazetted under the Negotiable Instruments Act, certain important religious festivals, when the Government of India consider it particularly desirable that postal services should be suspended, would have to be omitted from the list. It would be impossible, for instance, to allow any holidays for Muharradeen in Eastern Bengal and Assam. It is moreover desirable that the additional holidays should, so far as possible, uniform in all the postal circles, and the selection of certain days which are not gazetted public holidays throughout India has been in most instances unavoidable. In order, however, to prevent any inconvenience to the public, special arrangements for the despatch of postal business will, if necessary, be made at important centres on occasions when a Post Office holiday is not also a holiday under the Negotiable Instruments Act, and on all the holidays the arrangements, which are at present followed as regards, will be made for the despatch and delivery of mails.

The only other modifications in the proposals published with three exceptions, dated the 26th October 1910, which the Government of India consider necessary, are the substitution in all circles except Madras and Burma of *Ekadashi* for *Maharaj*, the substitution on the Punjab Circle of *Shankar* for *Sankranti*, and the reduction of the additional holidays from six to four in the Burma Circle, where postal work is lighter than elsewhere.

2. The Government of India have accordingly decided that, with effect from the year 1911 and until further orders, the following days shall annually be observed as additional Post Office holidays:—

For all Circles except Madras and Burma.

- (1) *Ekadashi*.
- (2) *Holi* or *Dussehra*.
- (3) *Sankranti* or *Sankal* *Shankar* (*Shankar* in the Punjab Circle).
- (4) *Ekadashi* or *Burman*.
- (5) *Dussehra* or *gud* day of the *Pujan*.
- (6) *Dussehra* or *Kali Pujan*.

for Madras.

- (1) *Pongal*.
- (2) *Muharradeen* (or *Talaga New Year*).
- (3) *Arava Aravana* (or *Tamil New Year*).
- (4) *Agusta Paja*.
- (5) *Ekadashi* or *Ramzan*.
- (6) *Dussehra*.

for Burma.

- (1) *Burman New Year*.
- (2) *Beginning of Buddhist Lent*.
- (3) *End of Buddhist Lent*.
- (4) *Tenaberg*.

If any of these festivals fall on a day which is already a Post Office holiday, or which is otherwise inconvenient, another date will be selected. The date to be selected will be notified before the beginning of the year in all post offices and in the Post Office Guide.

3. In the current year two additional Post Office holidays will be observed in the Burma Circle and three in all other Circles, on the following festivals:—

For Burma.

- (1) *Beginning of Buddhist Lent*.
- (2) *End of Buddhist Lent*.

For all Clauses except Clauses.

- (4) *Inspector of Local Districts.*
(Trans. Section in the Madras Circle).
 (5) *Id. of the or Madras.*
 (6) *Id. of the or Madras.*

College of Engineering, Madras,
10th July 1911.

W. H. JAMES,
Principal.

**ENTRANCE EXAMINATION FOR THE APPROPRIATE ESTABLISHMENT OF THE ACCOUNTS
BRANCH, PUBLIC WORKS DEPARTMENT.**

An examination of candidates from the Madras Presidency will be held on Monday, 24th September 1911, at the College of Engineering, Madras, and particularly at the office of my superior officer of the Public Works Department. The examination at any centre will be liquidated if it be not begun and completed on the above-mentioned day, but the officer superintending the examination may make his own arrangements with the candidates regarding the place and hour of the examination. Candidates for examination at the College will forward their applications direct to the Principal as or before the last Monday in August.

Prepared candidates should apply to a superior officer of the Public Works Department not later than thirty days previous to the date fixed for the examination. Their applications must be forwarded to the Principal through the Public Works office.

Every application must be accompanied by a fee of ten rupees (Rs. 10), which will under not circumstances be refunded, to be paid in cash or by money order, and by the following statement and certificate—

Statement accompanying an application for registration of name for the Entrance Examination, Accounts Branch, Public Works Department, to be held on Monday, 24th September 1911.

- (1) Full name; (2) age in years; (3) candidate's rank (a), (b), (c); (4) occupation; (5) address; (6) place of examination; (7) date and (8) signature of applicant.

N.B.—A candidate must furnish with this statement—

(a) Certificate of good character, covering a period of not less than two years immediately preceding the application, from a superior officer whom the candidate has served, or to whom he is well known, or by whom he has been educated.

(b) Certificate that the candidate is under 35 years of age (not required if candidate is in permanent Government employ or in a service which is permissible by Government). This certificate must be signed by a medical officer of rank not lower than Assistant Surgeon.

(c) Certificate that the application is in the candidate's handwriting.

Extract from P.W.D. Code.

Form—(3) A candidate who is Government servant should submit his application through his immediate official superior.

(3) Candidates may be admitted to sit, or to examine, at any office of the Engineer or Assistant Engineer, but none will be allowed.

I consent to superintend the examination of the applicant at the above-named place.

(Signature of Officer.)

The Principal will decide from the certificates whether an application should be registered or rejected.

Examination papers for registered candidates will be sent from the College to superintending officers in town for the examination. The following are the subjects of examination and the marks for each. In order to pass, a candidate must obtain the minimum marks in each subject and, independently, two-thirds (two-thirds) of the total marks—

| | | Maximum marks | Minimum marks to pass |
|--|--------------|---------------|-----------------------|
| Writing (correctness, clearness, and rapidity) | | 100 | 50 |
| Education (spelling, punctuation, etc.) | | 100 | 25 |
| Arithmetic (for whole) | | 200 | 100 |
| Algebra (the whole) | | 50 | 25 |
| Book-keeping (correctness) | | 100 | 50 |
| Total | | 500 | 100 |

Each examination is complete in itself. A candidate who fails in an examination and wishes to appear at a subsequent one must furnish a fresh fee and certificate and undergo the full examination.

The College of Engineering acts solely as an examining agency. Passed candidates should apply (1) to the Deputy Assistant-Comptroller, Public Works Branch, Madras and Coorg, for direct appointment as Assistant, or for appointment as assistant clerk in the Revenue's office, (2) to the superintending Engineer for appointment as assistant clerk or Revenue Engineer's office. The passing of the examination does not give any claim to appointment.

(2) The rest of the Presidency with the exception of the Madras district and the Mysore taluk. Anjengo, Tangasseri, the complete existing portions of British Ceylon and the Aligarh taluk of the Madras district.

(3) The Bhangarapalle State.

3. Tree-topping licenses shall be issued on the application—

(a) of licensed toddy shopkeepers in areas in which the toddy shops are sold by auction or licensed separately;

(b) of persons having the exclusive privilege of manufacture and supply of coconut toddy as such as foreign liquor;

(c) of persons having the exclusive privilege of manufacture and vend of coconut spirits in British Ceylon;

(d) of subjects on their own application in the South Ceylon district, provided the application for license is accompanied by an application for a permit for the transport of the toddy drawn to some particular place, and that the latter application is countermanded or acknowledged to be correct by the shopkeeper to whose shop the toddy is to be taken;

(e) of tree owners generally, and of coconut toddy tappers in the Madras district and in the Narasapur, Bhamavaram, Tiruchir, Kikandil and Yerragudem taluks of the Madras district, but not more than five trees in the case of tree owners and three tappers in the case of coconut toddy tappers, for the drawing of toddy required for domestic consumption, but not for sale; and

(f) of toddy shopkeepers in areas in the Mysore territory and in the Bhangarapalle State desiring to obtain toddy from trees growing in British territory.

In cases (a), (b), (c), (d) and (f) the license may be issued in the name of the applicant himself or of his nominee, and in case (e) in the name of the applicant only.

4. Persons wishing to apply for the grant of tree-topping licenses must first pay the fee (or the first instalment thereof, as the case may be) due on account of the license which they desire to tap into a Government treasury, which may be either the District treasury, a Taluk treasury or such treasury. District officers may also empower heads of villages to receive payments on account of licenses and to grant receipts therefor.

5. (1) Applications for the grant of tree-topping licenses must be made in the prescribed form to the Inspector, Salt, Alkali and Customs Department, in charge of the circle in which the trees are situated. Forms may be obtained from the Inspector of Salt, Alkali and Customs Department, and from all Tahsildars and Deputy Tahsildars and will be supplied free of charge. Applications may be by shopkeepers and tappers need not be stamped; those given by other persons must bear a court-fee stamp of one rupee. In any case, if the fees have been paid into a treasury, the application must contain a certificate of payment from the treasury officer; if payment has been made to a village head the receipt must accompany the application. Mysore voters and shopkeepers applying for trees in British territory should pay the tree-tax into the Mysore District treasury and should present before the British Tahsildar or Deputy Tahsildar concerned along with the application, in form N.T. 6, the receipt with the Auditor's certificate at the foot, to the effect that the applicant is a person entitled to be not a tree-topping license in Mysore. The tree-tax should be collected at the highest rate of the name area and the same on the two sides of the license.

(2) Applications for tree-topping licenses in the South Ceylon district should be countermanded by the owner of the trees intended to be marked or taken of his nominee.

6. Tolly shopkeepers in towns adjoining the Mysore territory will also be allowed to tap trees in Mysore for the supply of toddy to their shops on payment of the whole of the tree-tax in one instalment into British Government and subject to such conditions regarding permits, etc., as may be prescribed in this behalf. The rate of tree-tax to be paid in such cases will invariably be the highest rate in force if the rate is not the same on the two sides of the license.

The British and Mysore Governments reserve to themselves the right to impose, in addition to the tree-tax, a surcharge for the use of trees belonging to them, the same when imposed being payable by British and Mysore Government alike. The arrangements agreed to by the British and the Mysore Governments with regard to the issue of licenses for tapping trees in either territory on the application of farmers or shopkeepers in the other do not prevent the reservation of trees in any specified area in the Madras Presidency or in Mysore with a view to afford not thereby or for other sufficient reason and the same payment of tree-tax into a British or Mysore treasury does not entitle an applicant to tapping licenses for trees so reserved.

4. *Table* *shapostov* in British territory adjoining the Banganapalle State will be allowed to tap trees in the State in payment of tree-tax, the rate being the same as in the Kurnool district. Similarly, those in the Banganapalle State will be allowed to tap trees in the adjoining British territory.

Persons applying for the loan of livestock will be responsible to Government for all sums available as tree-bur allowance of the trees felled to be tapped.

8. (3) On receipt of an application, the Inspector, unless he sees special cause to the contrary, shall at once take steps for the confining of the movee by an officer superior in rank to a petty officer, and for the issue of the license. Applicants for two-wheeled motor cars to the morning office, when required by the Inspector to do so, the time applied for by three. Should they fail to do so after reasonable notice, the time will be shown shall be liable to be forfeited at the Collector's discretion.

(2) In the *Wahneen* district and in the *Kawneer*, *Idahaween*, *Lauden*, *Ellore* and *Yamun* palaeo-works of the *Kharan* district, were intended for the drawing of fermented toddy and these for the drawing of sweet toddy shall, as far as possible, be in separate types or blocks.

5. *Collection day*. From time to time, provide the midday number of trees to be entered in an original application. They may also direct that the trees situated in one village only shall be included in an application.

18. No tree shall be tapped, nor shall toddy be drawn from any toddy tree, nor shall any part be removed from any toddy tree, until the tree has been marked by the revenue officer.

[illegible]

12. The following shall be the fees payable on account of each tree for the taping of which license is applied for:—

[illegible]

11. The fees payable on account of any license issued under these rules shall be payable in the following instalments, unless the Commissioner of Salt, Alkali and Naperene Revenue shall otherwise direct: -

16. Every establishment of trees shall be paid on the first day of the month in which it falls due.
17. For the convenience of applicants, applications will be received from 1st September to 1st March; but no trees will be worked, nor license issued, nor preparation of apportionment before 1st September or 1st March; and no felling shall be done except during the currency of the license.
18. All felled trees under the tree-killing license granted in accordance with these rules shall, as soon as the pots attached to it are removed from the trees, be immediately conveyed down the river, sent to a licensed timber shop under a general transport permit which will be granted gratis by the Inspector. In the South Coast district when a licensee desires to change the shop to which his felling is to be taken, the permit will be amended on application and on payment of two shillings in addition to the Court fee stamp of the value of one shilling to be added to the application. No felled trees under these rules shall be sold otherwise than to a licensed dealer, still saw miter or sleep keeper except at a regularly licensed shop. Tree-fell rules or sales in the open air are absolutely prohibited.

The Standard Barometer and Thermometer are read at 8 A.M., 10 A.M., 4 P.M., and 8 P.M., and the daily means are obtained by the application of hourly corrections, deduced from twenty years' observations. The surface of the Barometer is twenty-two inches above the level of the sea, and the reservoir of the Rain Gauge is two feet from the ground. The wind, rain and general weather registered are for the current Civil Day—from midnight to midnight.

The total quantity of rain collected since January 1st is 1.54 inches, the average due for the mean period being 7.45 inches.

A separate notification will be issued regarding operations under the lease system. Collectors will issue orders regarding the terms where special provisions are in force.

III. A deposit must be made by each bidder previous to bidding, and will be returned by the selling officer on the day of sale. A deposit of Rs. 50 will ordinarily be required from any person wishing to bid for any important shop or any large number of shops. This will be reduced to Rs. 20 in the case of bidders for not more than two or three shops of an aggregate monthly rental value of Rs. 30 or less and to Rs. 5 in the case of bidders for single small shops. In the case of farms of less than Rs. 100 will be the ordinary deposit. This will be reduced to Rs. 50 in the case of bidders for farms of an aggregate monthly rental value of not more than Rs. 100 and to Rs. 10 in the case of bidders for single small farms. In the Karikal district, the selling officer may, where he deems it necessary, require a deposit of Rs. 10 only from bidders for toddy shops. In the South Canara district, the selling officers may at their discretion reduce the deposit to Rs. 5 for shops whose average monthly rental does not exceed Rs. 2.

IV. The shops or farms will be put up to auction in the order in which they are notified, unless the selling officer sees cause to change that order. Upper prices will be fixed at the discretion of the Collector. The reserve price placed by Government on the shops or farms will not be published, but the average of the previous five years' rentals will be notified by the Collector, whenever possible, for the information of bidders.

V. No person will be allowed to bid for another unless he holds a power-of-attorney from him.

VI. The officer conducting the sale may, at his discretion, refuse to accept the bid of any person on the ground that he has been surcharged by a Criminal Court or has previously been guilty of such a breach of the conditions of a license or of a contract under the ^{Opium} Act, as to render him unfit to be a holder of a license or on the ground that he is involved or is prevent arrangements to the detriment of Government interests or for any other valid reason. He may also refuse any bid which

be more ready to be purely speculative, after receiving the means for doing so. Village officers will not be allowed to bid for, or to have any direct interest in shops for the sale of liquor.

VII. The shops and farms will be knocked down to the highest bidder, but the sale will be subject to formal confirmation of the Collector, who shall be at liberty to accept or reject any bid at his discretion. Such formal confirmation will be tantamount to an acceptance of the bid, unless refused by the Board of Revenue for special reasons, and will be necessary whether the sale be held by the Collector himself or by any others appointed by him.

VIII. In case of dispute the selling officer's decision shall be final. If for any reason the highest bid is rejected, the next highest shall be taken as the shop or farm to-sold at his discretion.

IX. At the close of each day's sale, the deposits made by the successful bidder will be returned to them. At the auction proceeds, each person whose bid is accepted shall at once, if so required by the selling officer, pay to the officer at the time of the day's sale, make a further deposit* of half a month's rent (in addition to the deposit made under clause VII) for each shop or farm under the initial deposit (which shall be forfeited and the farm or shop will be put up again immediately by the selling officer) as the above conditions or otherwise disposed of by the Collector and the bidder will be delivered from bidding again for the same or for any other farm or shop.

X. Persons to whom farms and shops have been knocked down and who have made deposits as provided in clauses VII and IX shall also deposit* with further sum as with the former deposits will make up two months' rent (to be paid within ten days from the date of commencement of the Collector's acceptance of the bid) and shall without unnecessary delay execute the necessary engagements and take all license in the conditions hereinafter set forth. In the case of the purchaser's death after signing the agreement, it will be binding on his heirs and assigns. Should the initial deposit exceed the sum required to be deposited under this clause, the excess will be refunded, unless the purchaser is required to deposit twice that sum under clause XI below.

XI. If on request subsequent to the sale the purchaser shall be found to be of doubtful solvency, he may be required either to deposit twice the sum provided in clause X above, or to give a security as security to provide a security bond for the due payment of all moneys that may become due by him under the terms of the contract. This bond shall be stamped (within 10, schedule II of 1906) and registered in the presence of the purchaser if the amount secured exceeds Rs. 1,000.

XII. On the failure of any person to make deposit under clause X or to comply with the regulations under clause XI above or to execute engagements and take all license as aforesaid, the deposits already made may be forfeited and the shop or farm to-sold under the orders of the District Officer, as the date notified by the Collector or otherwise disposed of by the latter officer.

In the latter case the forfeited deposits will be deducted from the loss arising from the result, and the remainder, if any, will be recoverable from the defaulter as the same may be at if it were an error of Law. Should, however, the forfeited deposits be greater than the loss by result, the whole of such deposits will be credited to Government. The defaulting bidder will be similarly liable if the premises be disposed of otherwise than by result and such day and result as has been determined as compared with original sale.

XIV. The purchaser of the premises is liable to the penalties provided for breaches of the conditions set forth below, though a formal license may not have been issued to him.

XV. The deposit referred to in clause X or clause XI, on the case may be, will be taken as security for the due performance of the conditions of the license. If the Taxpayer (and licensee) so agree, it may be credited towards the tax and duties of the rate payable by the latter.
